Above	50.1	57.3	29
Average	70.7	62.5	31

^aLSD (P<0.30) 6.5

^aIf the difference between two variety yields equals or exceeds the LSD value then they are significantly different with less than 30% probability that the difference is due to random error.

Harvest date: July 8, 2014

Planting date: September 20, 2013

Cooperators: Bill and Steve Andrews
